Baker Bros. Price-List

We shall not issue our usual descriptive Catalogue this season. This Price-List will take its place. In the fall we sent out merely a price-list and our sales were more than double those of the previous year. Stock is so scarce and the demand so great that we anticipate no trouble in disposing of everything. In fact our advice to old customers is to buy early, as the indications are, there will not be enough stock to supply the demand.

This list cancels all previous prices. For descriptions consult our 1917 or 1918 catalogues. If our catalogue has been misplaced, we will mail a copy on receipt of request. Prices and conditions in this List must govern all sales. All goods sold f. o. b. Ft. Worth.

After delivery to the transportation company in good condition, our responsibility ceases. We assume no liability for delays in delivery or non-delivery of nursery stock caused by frost, fire, embargoes, war or other causes beyond our control.

We warrant our Trees to be true to name, and will replace, free of charge, or refund the original purchase price of anything that proves untrue to name; but we give no understanding, express or implied, as to growth or productiveness.
